**Duties:**

I am required by law to maintain the privacy of your PHI and to provide you with this notice of privacy practices. I am required to abide by the privacy policies and practices that are outlined in this notice. For security, your files are maintained and protected in a locked cabinet when not in use. As permitted by law, I reserve the right to amend or modify my privacy policies and practices. These changes in my policies and practices may be required by changes in federal and state laws and regulations.

**Your Rights:**

You have certain rights under the federal privacy standards.

These include:

**Right to Request a Restriction:** You have a right to request a restriction on the PHI we use or disclose about you for payment or healthcare operations. *I am not required to agree to any restriction that you may request.* If we do agree to the restriction, we will comply with the restriction unless the information is needed to provide emergency treatment to you and as long as it allows us to comply with the law. You may request a restriction by writing, or completing our form for the purpose. In your request tell us: 1) the information you want to limit and 2) how you want to limit our use and /or disclosure of the information.

**Right to Request Confidential Communications by Alternative Means:** If you believe that a disclosure of all or part of your PHI may endanger you, you may request that we communicate with you regarding your information in an alternative manner or an alternative location. or psychotherapy notes. We may deny your request to inspect and copy your PHI in certain limited circumstances. If you are denied access to your information, you may request that the denial be reviewed. A licensed health care professional chosen by us will review your request and the denial.
